## Corporate development and personal matters

Dear Sir and Madam,

After more than seven years working in a responsible position at Straubinger Kartoffelhandels GmbH, I would like to inform you, as a valued business partner, that I will give up my employment on October 18th 2019 in order to continue the family business of my parents.

I was very happy to practice the various functions at Straubinger Kartoffelhandels GmbH and got to know wonderful people at work around potato and onion trade. With great gratitude and with a heavy heart I will turn professionally to the new challenges.

In recent years, as a team of the Straubinger Kartoffelhandels GmbH, we have succeeded in developing the Lower Bavarian company internationally as a reliable and agile partner in the market, which is evidenced by sales developments in the areas of food and processing potatoes, onions and seed potatoes.

This achievement was only possible with passionate dedication by the employees working in the company, to whom I would like to express my warmly thanks.

I would like to express my sincere thanks, especially to you as our client, supplier and business partner, for your trust in us. Only together with you, we could accomplish the sustainable successful development of the company.

The previous shareholder Mr. Georg Probst has decided to withdraw from the area as a result of my decision.

The location in Plattling will be used by the

**EUROPLANT Pflanzenzucht GmbH**

as the responsible owner. This ensures that the Plattling site will be further consolidated and thus a further positive development will be possible.

Of course, you will continue to be looked after by well-known, competent employees, who you can reach using the familiar telephone numbers. Under the leadership of **Mr. Daniel Probst**, the team expanded to include Mr. Michael Kruber, will be your expert partner in the future in the purchase and sale of food and processing potatoes, onions and for questions about seed potatoes.

The Plattling site will continue to be your reliable trading partner for potatoes and onions in the future.

I thank you for the trusting cooperation of the last years and wish you all the best.

With best regards

Henning Bannick  
Managing Director
